The “**Y**outh Peace” Campaign  is an advocacy effort by YouthAlert! (YA! ) U.S.A., A U.S. Non-Profit, Non-Partisan, Publicly Funded Charity, headquartered in the U.S.A.

The ten core tenets of the “**Y**outh Peace” Campaign

- 1. ALL youth are “equal” in importance, meaning, value, and worth, without exception.*
- 2. ALL youth should be treated with “equality” and “kindness.” Youth and adults should meet “halfway.”*
- 3. Youth’s number one job is to “survive” their youth. It is adults’ job to help them.*
- 4. It is ALL youth's “destiny” to live a long and healthy life.*
- 5. Every youth is a special, unique, and “one-of-a-kind” individual.*
- 6. Violence, bullying, and abuse (VBA) are the “Head of the Snake.” The number one root “problem” for youth.*
- 7. We “stay ahead of the curve,” meaning violence and conflict “prevention.”*
- 8. When youth get all the information, they usually make the right “true choices.”*
- 9. To truly “protect” and save “any youth,” we must protect and save “ALL youth,” or youth will always be “fair game.”*
- 10. “Youth Peace” is one of the best “steppingstones” to world peace.*

**We advance** our positive youth message with all 193 U.N. Member States, the U.S. Congress, U.S. State Legislatures, local municipalities,

and schools to help shape the conditions for a more beneficial present and future for **ALL** youth.
