“Where Youth and Adults Meet Halfway to Reduce Violence.” In the interactive exchange, the following ten-point plan of the “Youth Peace” Campaign  will be discussed. The plan was developed by youth and adults for youth and adults adults from over 10,000 youth participating in the YouthAlert! (YA!) “Youth Peace” Program.

1. ALL youth are “equal” in importance, meaning, value, and worth, without exception.
2. ALL youth should be treated with “equality” and “kindness.” Youth and adults should meet “halfway.”
3. Youth’s number one job is to “survive” their youth. It is adults’ job to try to help them.
4. It is ALL youth's “destiny” to live a long and healthy life.
5. Every youth is a special, unique, and “one-of-a-kind” individual.
6. Violence, bullying, and abuse (VBA) are the “Head of the Snake.” The number one root “problem” for youth.

7. *We all need to “stay ahead of the curve,” meaning violence and conflict “prevention.”*
8. *When youth get all the information, they usually make the right “true choices.”*
9. *To truly “protect” and save “any youth,” we must protect and save “ALL youth,” or youth will always be “fair game.”*
10. *“Youth Peace” is one of the best “steppingstones” to world peace.*

Thank you for your valuable time and gracious consideration.
